New Rules & POE Breakout Session

Review of Rules Changes 2015 & 2016

**RULE
CHANGE**

Change for 2016 Baseball Season

For any minor violation of Rule 3-3-1f, 1-5, (g-k), the offending coach will receive written warning

They will be restricted to the bench/dugout for the remainder of the game.

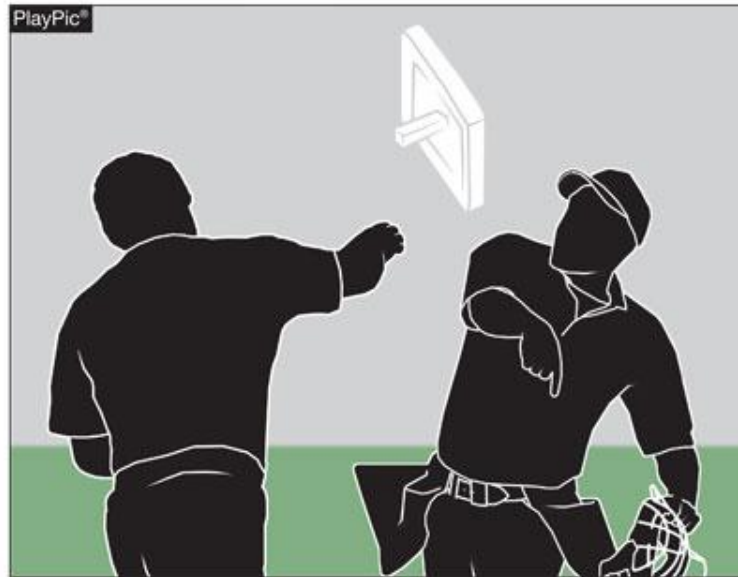

***The change for Umpires:** UIC will write the warning down (regardless of who issued) on his lineup cards, the coach is now restricted AND that a coach must be restricted prior to ejecting for MINOR violations.

This rule is for COACHES ONLY!

After the **written warning** and the coach is restricted to the bench/dugout, if the coach commits another offense, the umpire shall eject the coach from the game.

*After being issued a written warning, the Coach is subject to EJECTION for **any further** incidents / offenses from the **time of notification** of restriction.

If the umpire deems the offense to be major, such as, “physical contact, spitting, kicking of dirt or any other physical action directed toward an umpire,” the umpire shall immediately eject the coach from the game.

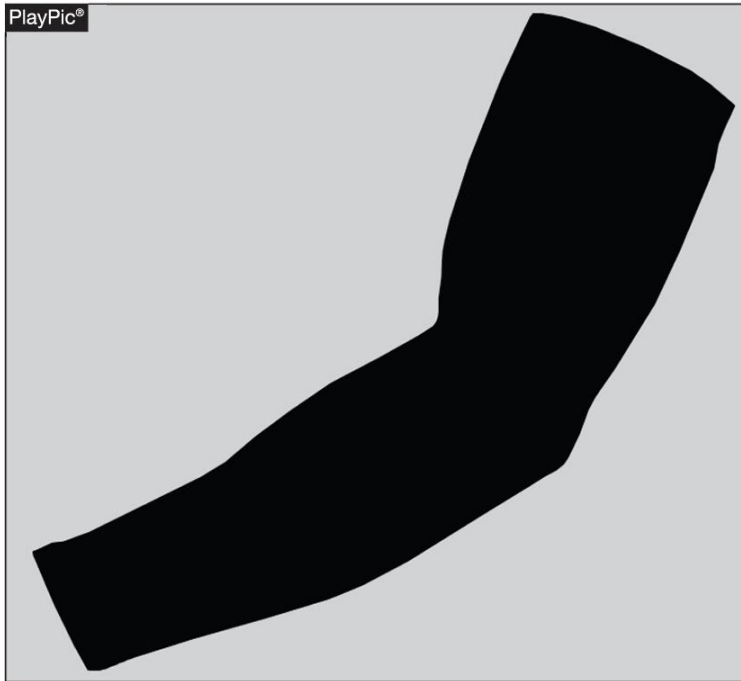

***Major offenses = automatic ejection.**

Spirit of the Rule Change

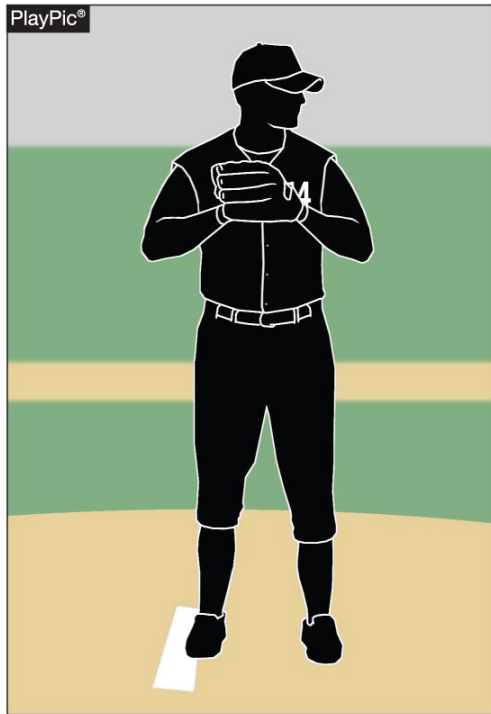

The rule change is intended to create responsibility for both the Umpire and Coach by:

- 1) Preventing the Umpire from ejecting a Coach for minor issues such as comments or challenging a call or decision.**
- 2) Reinforcing to the Coach that the Umpire, by writing down the warning and restricting, is ejecting them for ANYTHING further.**

***School Administrators and AIA will now have an understanding that there was a process both parties (Umpire & Coach) undertook prior to an ejection.**

***Any sleeve (t-shirt sleeve or compression sleeve) INCLUDING a compression sleeve that hangs (is visible) below the pitchers elbow must be of a solid color other than white or gray. The pitcher is not required to wear compression sleeves on both arms.**

Legal

Legal

Illegal

***Nothing white or gray or multi colored allowed below the elbow.**

Rule 1-4-2 (cont.)

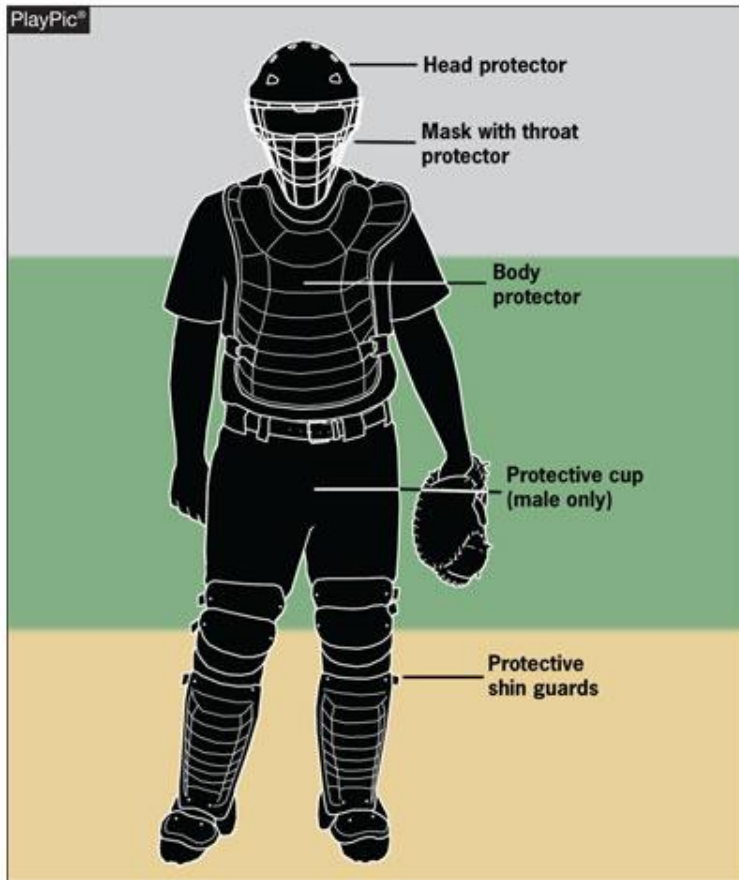

- Compression sleeves are permitted for pitchers under certain circumstances:
 - Compression sleeves can be worn on either arm, or both arms.
 - Compression sleeves cannot be distracting to the batter.
 - Pitchers can wear a white or gray exposed t-shirt, dri-fit style or compression style shirt as long as the sleeves do not extend below the elbow.

Points of Emphasis 2016

The catcher helmet and mask combination shall meet the NOCSAE standard. Any helmet or helmet mask combination shall have full ear protection (dual ear flaps). A throat protector, which is either a part of or attached to the catcher's mask, is mandatory.

In addition to a head protector and a mask with a throat protector, the catcher shall wear a body protector, protective cup (male only) and baseball protective shin guards.

During a home run celebration, team members must remain clear of the plate, allowing the umpire to observe that all runners have legally touched the plate.

All players (other than runners or on-deck hitter) must stay off the dirt circle. BE PROACTIVE! This is an AIA approved addendum.

A team is permitted to be outside the bench/dugout area and celebrate during a dead-ball, such as after a home run. However, Rule 3-3-1f (1-4) does not permit unsporting behavior and can result in the ejection of players who taunt or behave in an inappropriate manner.

All players (other than runners or on deck hitter) must stay off the dirt circle. Be a presence....be proactive....

POINT OF EMPHASIS

Umpires retain jurisdiction and can eject players or coaches until all umpires have left the field.

Even though the game is over, this coach is subject to ejection.

***This is an ejection and suspension in Arizona. Report this immediately per ejection protocol. Ejections reports are filed via AZBOA's website at http://azboa.org/Ejection_Report/ There is also a link "Ejection Report" on the main page of AZBOA.org.**

Since all umpires have left the field, umpires cannot issue a post-game ejection. However, if confronted by a coach, player or fan, umpires are expected to report the conduct to their state association office.

**Warn the Coach or player to leave. Then you LEAVE!
Report this immediately to your Area Commissioner.**

REFEREE

Follow-through Interference Rule 2-21-4

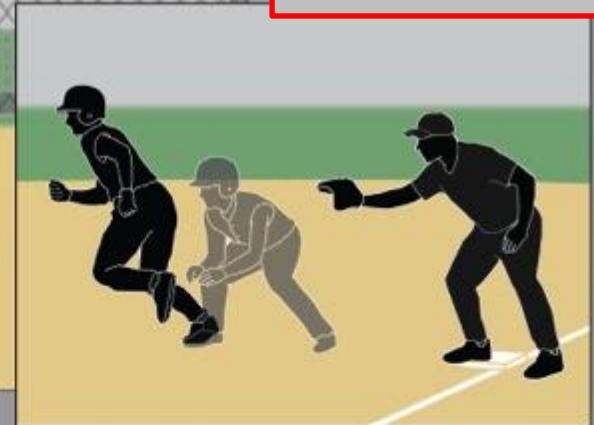

RULE CHANGE

This is **ONLY** interference if the contact hinders or impedes the catcher's fielding or throwing in an attempt to retire a runner. Otherwise it is ignored.

***This used to be called Back Swing Interference.**

***Same rule but new name.**

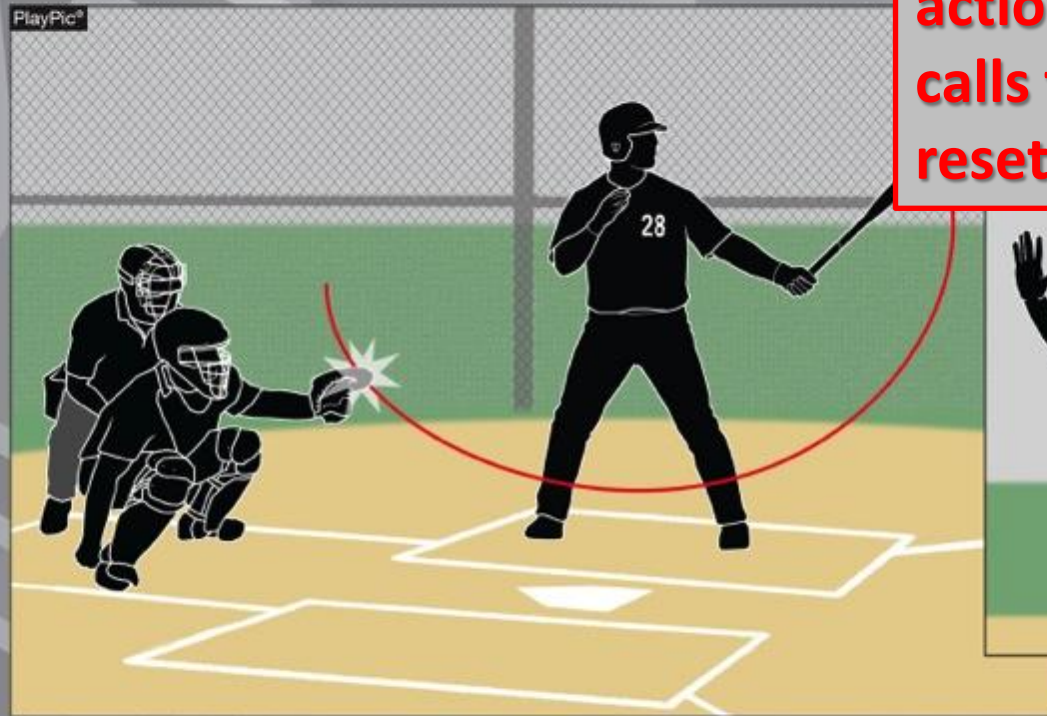

On his natural follow-through, the batter has made contact with the catcher. The ball is delayed-dead on follow-through interference and if F2 is not able to throw out the runner attempting to steal, all runners return to time of pitch bases and the batter is out. If the initial throw retires the runner then the interference is ignored.

REFEREE

Backswing Interference Rule 2-21-5

***This is all pre-pitch action. Umpire calls time and we reset.**

Before the time of the pitch, if the batter's practice swing makes contact with the catcher or his equipment, the umpire shall call an immediate dead ball. There is no penalty.

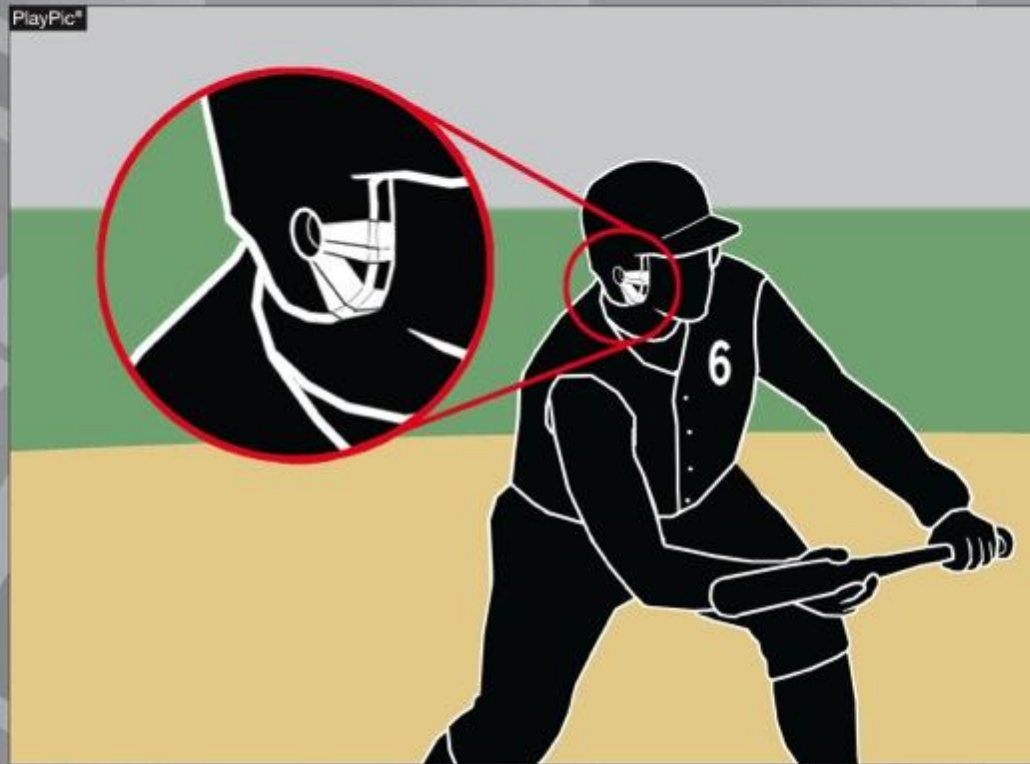

RULE CHANGE

REFEREE

Tape on Helmets is Illegal

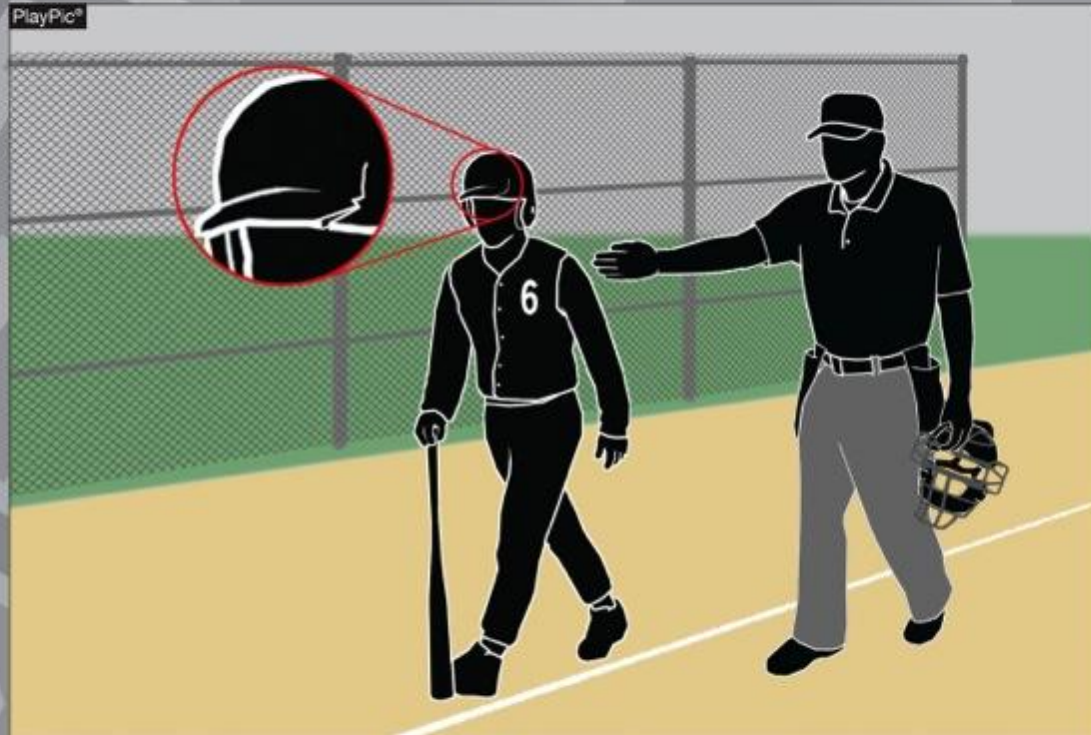

POINT OF EMPHASIS

Tape is not permitted on a batting helmet, since it could be covering up a crack or defect. Also, it could compromise the ability of the helmet to protect a player.

REFEREE

Cracked helmets are illegal and may not be used for any purposes.

Even though this helmet met the NOCSAE standard at the time of manufacture, the crack makes the helmet illegal. The batter must replace the helmet immediately.

RULE CHANGE

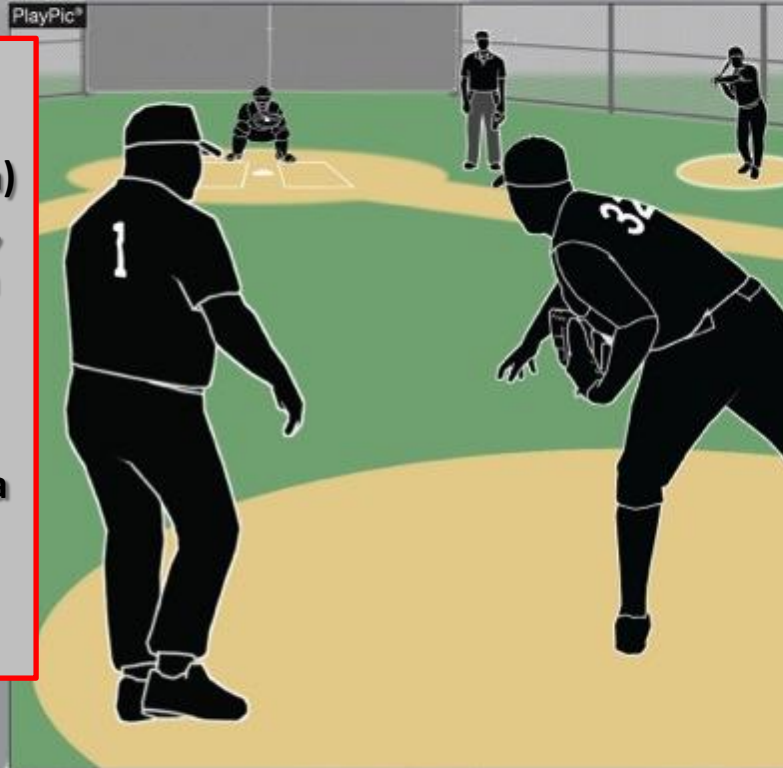

REFEREE

Pitching Substitution: Coach Delaying the Game

AIA Interpretation: If the defense delays (coach remains or infielders remain) warn them. If further delay, penalize the defensive team with a “Charged Conference”.

*If the team does not have a Charged Conference left then “Restrict” the coach.

Umpires are to announce when there is “One Pitch Left”. At that time the coach and infielders shall return to their respective positions.

A replacement pitcher gets eight warm-up throws. The defensive team shall be ready to resume play upon completion of the eighth throw. A coach is permitted to observe the throws, but must be off the field when they are completed.

Last Time By

“Last Time By” is an Appeal Guideline

8.2.6-1...if a runner correctly touches a base that was missed (either in advancing or returning), the last time he was by the base, that last touch corrects any previous base running infraction.

✓ Last Time By 8.2.6- I

What is Last Time by?

- It is referencing when a runner fails to touch a base on the first time by, as he advances to the next base.
- The retouching of the base corrects the previous missed attempt (at that base) and the runner is NOT subject to appeal at that base.
- It does not matter when the runner (either before or after touching the next base) retreats back to touch the missed base.

Questions about “Last Time By”

✓ Time Plays 9.1.1 Exception

What is a Time Play?

A Time Play is a situation where the umpire must determine if a runner has scored prior to the 3rd out of the inning.

A run cannot score if a runner has touched (or passed) home plate but there is related action wherein:

- 3rd out of an inning is a force-out (even if appealed)
- He (the runner who scored) becomes out on appeal.
- Preceding runner is out on appeal and is the 3rd out.
- 3rd out occurs before runner touches home plate.

Situation #1:

- ✓ R2 & R3
- ✓ 1 Out
- ✓ Fly Ball to Left

Outs: 2
Runs: 0

Leftfielder throws to 3rd base to attempt to retire R2

Both Runners tag and attempt to advance

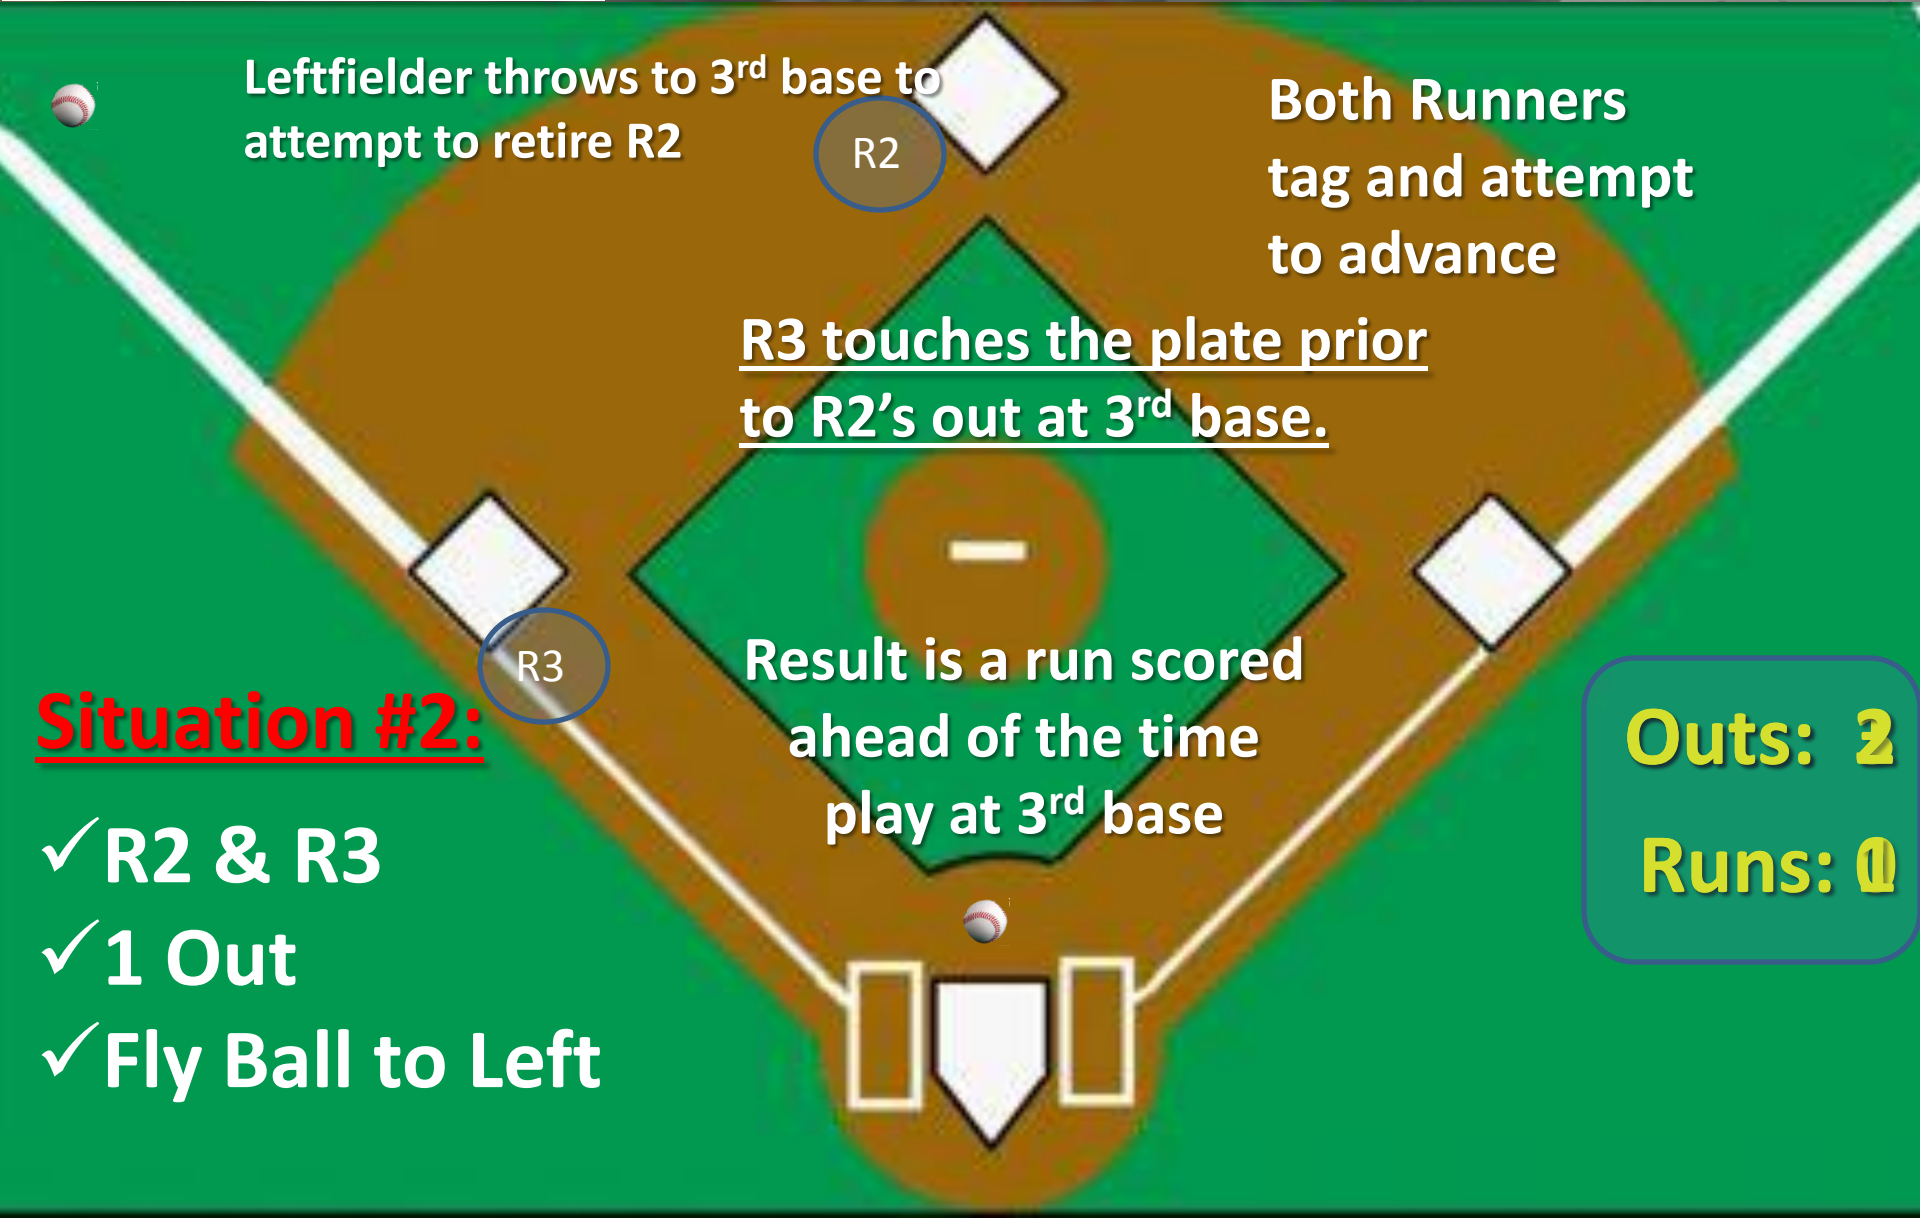

R3 touches the plate prior to R2's out at 3rd base.

Result is a run scored ahead of the time play at 3rd base

Situation #2:

- ✓ R2 & R3
- ✓ 1 Out
- ✓ Fly Ball to Left

Outs: 2
Runs: 0

The Plate Umpire will lineup the touch of the plate and the touch / tag of the runner.

R1

If the Run Scores: Point at the plate & "That Run Scores, That Run Scores". Turn to the Scorer and "Score that Run"

R3
